 - The updated Social Distancing Protocol must be posted at or near the entrance of the relevant facility and shall be easily viewable by the public and personnel. A copy of the Social Distancing Protocol checklist must also be provided in hardcopy or electronic format to each person performing work at the facility. - Per Section 3h, unless and until expressly stated otherwise in a Health Officer order or directive, all health and safety requirements under this Order and related directives apply equally to those people who have been vaccinated for COVID-19 as to those who have not.
- All businesses that are allowed to be open indoors must review SFDPH’s Guidance on “Ventilation for Non-Healthcare Organizations During the COVID-19 Pandemic,” available online at <https://www.sfdcp.org/COVID-Ventilation> (“Ventilation Guidance”). Those businesses must: (1) implement as many improvements in the Ventilation Guidance document as feasible, and (2) keep a hand-annotated copy of the Ventilation Guidance showing which improvements were considered and implemented. Ventilation guidance from recognized authorities such as the CDC, ASHRAE, or the state of California can be used as an alternate to the DPH Ventilation Guidance with an annotated version of the alternate guidance kept on hand.
